

Comprehensive Thyroid Services

www.LIRAD.com

Long Island Radiology Associates (LIRAD) now offers patients comprehensive thyroid health services including the convenience and comfort of minimally invasive ultrasound guided thyroid biopsies. This procedure allows for the diagnosis of benign (non-cancerous) and malignant (cancerous) nodules.

LIRAD's Thyroid Health Services include:

- Comprehensive Thyroid Sonography
- Ultrasound Guided Fine Needle Aspiration Biopsy
- Minimal discomfort
- Results within 48 hours
- Patient can return to normal activities the same day

Our board-certified radiologists and proficient RDMS certified ultrasound technologists are adept at executing these exams carefully and comprehensively, providing patients and physicians with high quality reports.

For more information on LIRAD thyroid health services, including ultrasound guided biopsies, visit us online at www.lirad.com.
